Summer School Contract for Students and Parents
Summer, 2020
June 1 – 25

Description: Hall County School District's high school summer program is provided primarily through online instruction along with summer school teachers to facilitate student learning. Designed to help students graduate on time from high school, these online courses are aligned to the state curriculum and are self-paced. The high school summer school program provides two options for taking courses needed for high school graduation: credit recovery and initial credit. "Credit recovery" is for students who have failed one or more courses needed for high school graduation. Maximum grade for a "recovered" credit course is 70%. "Initial credit" is for students who enroll in a course for the first time and earn a final grade of 70% or higher. Students enrolling in computer-based credit recovery classes earn Level 1 credit only. (See Hall County High School Student Planning Guide for more information about Level 1 courses and GPA calculations.)

Because summer school courses are taught through computer-based, online instruction, students must have an internet connection to work from home. Students may work 24 hours a day, seven days a week.

**Note: To complete courses during the summer, a student MUST be logged on and "active" at least five hours per day. Students who spend less than five hours per day risk not finishing a course by the end of the session. No refunds are provided for students who do not complete a class by the end of the summer session. Students who do not complete these courses may have opportunities to finish before, during or after school, depending on individual schedules and courses, when the new school year begins.*

NCAA: Credit earned by Edgenuity online instruction is not accepted for core credit by NCAA.

Behavior: Students attending the summer program shall follow all rules in the Hall County Schools Code of Conduct printed in the high school handbook. (A copy of the handbook is available online at www.hallco.org.) If any violations of the Code of Conduct occur, a student is subject to immediate removal from the summer school program. No refunds will be provided.

Attendance: All students must log on to the assigned course on June 1, the first official day of class. **The Edgenuity facilitator will be available Monday through Thursday from 9:00 AM – 3:00 PM.** Each student will work only from home this year due to COVID-19 restrictions. To complete a course during the summer, a student should be logged on and "active" at least five hours per day. Students who spend less than five hours per day in active learning risk not finishing a course by the end of the session. Failure to log on and produce active progress will result in removal from the summer school program. No refund will be provided.

Refunds: No refunds will be given after the third day of class.

Behavior Agreement: This agreement must be signed and returned to the school office by Friday, May 29th. Students failing to return the agreement by the deadline will lose computer access and will not be allowed to continue class on Monday, June 1st.

We have read the above expectations for summer school and agree to abide by the conditions.
