Mission Statement

The Lady Knights Basketball camp exists for the purpose of enriching the lives of young women with character development and the fundamentals of basketball. This camp will assist young ladies in their pursuit of success both on and off the basketball court. We will be relying heavily on our combined years of experience teaching and coaching in the areas of character and basketball development. This will be accomplished in a number of different ways, including word of the day speeches, teaching rules and regulations, fundamental development, and positive and constructive feedback. We will be implementing proven techniques of skill development and conditioning principles with the athletes that have been gained over 20 years of high school and college coaching. The individuals participating in this camp all have extensive experience as players, teachers, coaches and camp counselors.

Vision Statement

We will be teaching the young ladies proven techniques that will allow them to be more effective with their teams, along with building character in themselves and their future teammates. Through proper instruction, awareness and development this camp will create an atmosphere of integrity in basketball and basic principles of a solid basketball foundation.
