West Hall High School International Baccalaureate Program
10th Graders

(For Current Sophomores Graduating from WHHS in 2011)

1. **English:** 9th Grade Lit. and American Lit are required for pre-IB.
2. **Spanish:** At least Spanish I and Honors Spanish II is required and preferably Spanish III as well. See me if this is a scheduling problem for you, and we can discuss the Spanish ab initio option.
3. **Social Studies:** If you would like to take IB Economics as a junior/senior, then you should take World History and U.S. History in 9th and 10th grade. It would also be helpful to take Government if possible.
If you would like to take IB History of the Americas, then you should take the Honors Govt./Econ. Course or consider doubling up on history and taking both AP Govt. and AP Economics in your sophomore year.
4. **Science:** You should have Biology, and you may choose either **Chemistry (recommended)** or Physics for your sophomore year. You may want to consider doubling up on Science or taking AP Biology or AP Chemistry, etc. if you are particularly interested in Science. We hope to offer IB Biology in the fall of 2009.
5. **Math:** Algebra I, Algebra II, and Geometry are required.
6. **IB Elective:** Please note the requirements for IB electives.
7. Your other elective choices may include a career pathway, P.E., fine arts, and/or additional academic classes or electives. All IB students have the option of 4th period band, chorus, theatre, art, P.E., or a career pathway elective.

Please come by Mrs. Ecke's room if you have any questions or concerns. You can find me in my office on the purple hall, room 307.
