questions can be submitted to: ahopetodream@ashleyfurniture.com

A Hope to Dream by Ashley Furniture HomeStore is a program designed to provide a free twin mattress, bed frame, bedding and pillow to children in need. Anyone can submit a referral online for children ages 3-16. Children can be nominated by a school social worker, case manager, church, and other charitable organizations. If selected, a family will have 30 days to respond. Referral forms can be submitted online.
Gainesville Action Ministries is a non-profit organization that provides shelter, food, children’s services, emergency assistance, resources, and basic needs assistance to homeless and needy individuals across North Georgia.

Programs offered:

- **Emergency Financial Assistance Program** – rent and utility aid are given to those people who would fall into homelessness without such assistance. This program works with over 20 area churches that are able to provide potential clients. Intake Assistance number 770-591-1440. Clients MUST call for appointment.

- **Families in Action** – gives at-risk families more specific, in-depth help. This program provides long-term assistance as the participants are challenged to develop independent ways of living. This goal is achieved through the development of budgets, identifying employment barriers, finding educational prospects, and executing a regular savings plan.

- **White Christmas** – This program enables local children to have a brighter holiday by providing low income families with toys, food and other necessities during the Christmas season.

- **Emergency Food Assistance** – provided to individuals and families through direct aid or referrals to local food pantries.

- **Smart Lunch, Smart Kid** - Action Ministries statewide initiative that provides children who receive free or reduced-price lunches during the school year with lunch during the summer.

Adults Protecting Children is a 501(c)3 that gives parents and youth serving organizations the tools and courage they need to prevent the sexual abuse of children. Adults Protecting Children is working in North Georgia to bring about in each county a prevention initiative to help eliminate child sexual abuse. In addition, Adults Protecting Children provide the training program Stewards of Children by Darkness to Light to various groups and organizations.

WHAT IS STEWARDS OF CHILDREN? Using the 5 Steps to Protecting Our Children™ as a framework, Stewards of Children® is a two-hour training that teaches adults practical actions to prevent child sexual abuse or intervene if abuse is suspected. Featuring compelling and engaging content to motivate participants, the program is designed for parents, concerned individuals, and any adult that works with youth. Through Stewards of Children®, over 1,000,000 adults have been trained to protect children from sexual abuse. It is available in both English and Spanish, and in online or facilitator-led formats.

Stewards of Children features survivors who lived through child sexual abuse, experienced its immediate and long-term effects, and ultimately were able to find healing. It also highlights experts who work with children and families and confront abuse on a daily basis. Research suggests that child sexual abuse reports, substantiations, and interventions in cases of abuse increase as a result of training, implying that more children are being identified as victims and able to receive services.

WHAT ARE THE OUTCOMES?

• INCREASED AWARENESS of the prevalence, consequences, and circumstances of child sexual abuse

• NEW SKILLS to help adults prevent, recognize, and react responsibly to child sexual abuse

• POSITIVE CHANGE to organizational policies and procedures

• INDIVIDUAL EMPOWERMENT through an understanding of personal responsibility and actionable ways to make a difference

Al-Anon and Alateen’s primary purpose is to help friends and families of alcoholics. The 2015 Membership Survey reported, however, that 40 percent of Al-Anon members first came to Al-Anon Family Groups because a friend or relative had a drug problem. The survey also showed that 85 percent of these members eventually came to realize that someone else’s drinking had also negatively affected their lives.

Al-Anon is a mutual support program for people who are living with - or have lived with - someone whose drinking created problems for themselves or others. Al-Anon recognizes that alcoholism is a family disease. The disease affects all those who have a relationship with a problem drinker. Alcoholism may emotionally, spiritually, and often physically affect loved ones in addition to the drinker.

Alateen meetings are held in many locations for young people, usually teenagers, whose lives have been affected by someone else’s drinking. While Alateen members run their own meetings, adult Group Sponsors are there for safety and to provide guidance. To ensure the safety of Alateen meeting, Group Sponsors must be in compliance with Alateen Safety and Behavioral Requirements. Alateen helps young people understand how alcoholism affects the lives of all who are associated with a problem drinker and helps them find effective ways to deal with their personal problems.

- There are no dues or fees. Members make voluntary contributions because each group is self-supporting.
- No appointments are necessary. Anyone concerned about someone else’s drinking is welcome to walk in and attend.
- Anonymity is protected. The identity of all Al-Anon and Alateen members, as well as members of Alcoholics Anonymous, is protected.
- Al-Anon is a separate fellowship from Alcoholics Anonymous.

Children with Special Needs

Contact Info:
440 Prior Street, SE
Gainesville, GA 30501
770-535-6907

Children with Special Needs is a program for children from birth to age 21 with either developmental delays, chronic illnesses, or at high risk to develop medical or developmental disabilities. There are four programs underneath Children with Special Needs. Each program targets a specific age group and has services coordinated for this population.

Programs:

*Babies Can’t Wait*

Babies Can’t Wait is an early intervention program for children from birth to three years old. Babies Can’t Wait provides services to the following counties: Banks, Dawson, Hall, Forsyth, Franklin, Habersham, Hart, Lumpkin, Rabun, Stephens, Towns, Union and White. The program serves children with disabilities or developmental delays and their families. Services include: Assistive technology, Audiology, Family training, counseling and home visits, Nutrition counseling, Occupational therapy, Physical therapy, Psychological services, Service coordination, Social work services, Special instruction, and Speech language therapy.

*Children 1st*

Children 1st serves as an assessment and referring agency for identifying newborns who have or are at risk for poor health and development. Children ages 0-21 that have established medical conditions or biological/ environmental risk factors are eligible for enrollment. An in-home assessment is completed by staff to identify any needs that the family may have. Children 1st links families with healthcare providers in the area, as well as offers referrals to other resources. This is a free program for all who choose to participate. There are no financial eligibility requirements.

*Early Hearing Detection and Intervention*

Newborn hearing screening is screening for hearing loss. All babies should be screened for hearing loss before 1 month of age. The screening is typically done before the baby leaves the birthing facility. EHDI includes screening for hearing loss in the birthing hospital; referral of those who do not pass the hospital screening for rescreening; for newborns who do not pass the rescreening referral for diagnostic audiological evaluation; and, linkage to appropriate intervention for those babies diagnosed with hearing loss. Technical assistance and training about implementing and maintaining a quality newborn hearing screening program is provided to hospitals, primary care physicians, audiologists, early interventionists, and public health staff.

*Children’s Medical Services (CMS)*

CMS provides medical care for children birth to twenty-one years old that have a chronic disease or disability. Eligibility for CMS is based on income, type of medical condition, and the age of the child. PeachCare, Medicaid and SSI recipients are accepted. Families with or without insurance are also accepted and may (depending on their income) be required to pay a portion of cost based on a sliding fee scale. Children receive long-term, specialized care, medical equipment, and case management services.

THE MEDICAL ELIGIBILITY INCLUDES, BUT IS NOT LIMITED TO THE FOLLOWING CONDITIONS: cerebral palsy, spina bifida, scoliosis, seizures, neurological disorders, immune disorders, hydrocephalus, hearing conditions, Down syndrome, craniofacial disorders, cleft lip and palate, orthopedic disorders, cardiac conditions, chronic lung conditions, vision disorders (other than corrective lenses), diabetes, urinary tract disorders, gastrointestinal disorders, and genetic disorders.

Children’s Center for Hope and Healing’s mission is “to restore dignity, trust and hope to individuals and families traumatized by child sexual abuse, through accessible and effective therapy, advocacy and education.”

Assistance is offered to families residing in the following counties: Banks, Barrow, Dawson, Forsyth, Habersham, Hall, Jackson, Lumpkin, Rabun, Stephens, Towns, Union and White.

Visit our website – www.hopeandhealingga.org to make a referral or call 770-532-6530.

Services offered:

Victim Services: No cost therapy offered to children ages 3 to 17 who have been sexually abused, and their families. Trauma focused cognitive behavioral therapy (TF-CBT) is the evidenced based therapy primarily used by our trained therapists. Play therapy is sometimes used with small children who lack verbal skills or as an adjunct to TF-CBT.

Adult Services: No cost therapy for adults (men and woman) who are survivors of childhood sexual abuse or who have been sexually assaulted as adults.

Project Pathfinder: Provides comprehensive outpatient assessment and treatment for children and adolescents with sexual behavior problems. This community based program offers high quality treatment in order to stop the cycle of sexual abuse in both the family and the community.

Prevention: Our staff is trained to provide Stewards of Children training for adults. This training teaches adults to recognize the signs of sexual abuse and take steps to protect children.

Are you looking for information about how to connect with services that can assist you with hunger relief, affordable housing, health care, educational resources, counseling or workforce development? If so, welcome to the Compass Center.

Who we are: A one-stop community resource center connecting individuals and families in poverty with existing services and providers throughout Gainesville and Hall County.

Why we exist: Hall County is a resource-rich community, and improving coordination and communication among existing agencies and nonprofits will help better serve our residents. That’s where we step in.

How we work: We have several community partners working on site at the Compass Center to meet and assess your needs, including Goodwill, Hall County Family Connection and Good News Clinics.

We also have classroom and meeting space available for local nonprofits to provide workshops and training for you to acquire specific services or skills to fill your needs.

We also keep a database of existing agencies and resources, which is continually updated with services available at any given time, so that we can connect you with the appropriate resources during your visit.

What to expect: You will be greeted by a dedicated team of trained volunteers who will provide you with an intake and assessment form to fill out. This questionnaire is the first step in helping define your needs and narrow the best resource options for you. Next you will visit with an onsite host to discuss your assessment and what services best suit you. Finally, you will be connected with a nonprofit and/or church that can serve you.

Components of Service:

- **Congregations**- A network of host congregations houses the families for one week at a time, providing lodging, meals, and hospitality.

- **Day Center**- This facility serves as the administrative headquarters for our staff and a home base for our guests, providing laundry facilities, computer access, a mailing address, case management services, and more.

- **Volunteers**- These servant-hearted individuals cook dinners, stay overnight with guests at the church, help with administrative tasks in the office, play with children, and build relationship with parents.

- **Transportation**- A 15 passenger van is used to transport our guests between the host congregations and Day Center.

Client Requirements for Eligibility:

1. Must have children. We work exclusively with families with children. Any family or individual applying for our program must have at least one child in their custody.

2. Must be able and willing to work. We are a work-oriented program focused on families regaining independence by finding consistent and reliable employment. Anyone on disability or applying for disability is not eligible for our program.

3. Cannot have any domestic violence involved in their situation. Our facility, congregations, and volunteers are not equipped to handle any situations with an imminent threat of domestic violence.

4. Must have lived in Hall County for at least 30 days. Our demographic focuses on families in Hall County, so we work specifically with residents of this area. Anyone out of state or county who applies may not be eligible for the program.

5. Must be willing to comply with our Guest Contract and Guidelines. We require that our families comply with a basic code of conduct and meet specific expectations. For example, we do not tolerate any kind of drugs, alcohol, or violence. Requirements and expectations will be outlined for our families when they apply for the program.

6. In order to promote savings, a weekly fee of $50 will be charged. The balance of the fees will be returned to the family upon exit from the program.

(fax) 770-536-5150

Housing Authority of the City of Gainesville manages housing for those who meet certain eligibility requirements. Individuals interested in applying may apply online or fax/mail in the completed application.

There are five eligibility requirements for admission to public housing:

- Qualifies as a family
- Has an income within the income limits
- Meets citizenship/eligible immigrant criteria
- Provides required documentation including Social Security numbers
- Signs consent authorization documents.

Waiting List Process-

1. Apply for Housing—After you turn in your application, your name will be added to the waiting list(s) you selected. Position on the waiting list is based on date and time of your application as well as your preference type and waiting list(s) selected. Every property is part of a waiting list that varies in length and age.

   Placement on the waiting list does not indicate that an applicant is eligible for housing assistance. You should not make any plans to move or end your present tenancy until you receive a written offer of housing from The Gainesville Housing Authority.

2. Full Application Interview—You will be screened for suitability and eligibility when your name is close from reaching the top of the waiting list. At this time we will notify you in writing regarding an appointment for you to come and complete an initial interview. You will be required to provide a list of documents showing your eligibility for the preference you selected as well as proof of the number of household members. Please refer to your appointment letter for complete list of documents that you will need to provide for this appointment.

3. Approval or Denial
   Upon successful completion of the screening process, if your application is approved your name will be placed on the ELIGIBLE list. You will be contacted for a unit when your name is reached and a unit is available based on the size and the location that you require. If your application is denied we will notify you in writing and you will have the opportunity to appeal.

24/7 Help (770) 536-5860
Administration (770) 539-9080
Legal/Protective Orders (770) 531-7153

Gateway provides services for survivors of domestic violence from Hall County. All services are free and confidential, and all services are offered in English and in Spanish. Call the 24/7 hotline for intake information.

Crisis hotline – 24/7 assistance available to survivors of domestic violence who need assistance with safety planning, accessing community resources or Gateway resources.

Emergency shelter – Gateway offers short-term housing for families fleeing abuse at home. Women and dependent children (boys and girls) up to age 18 may be admitted. The shelter is in a confidential location. Gateway can help find solutions for housing pets. Some longer-term transitional housing is available to families exiting the emergency shelter, but the inventory is limited.

Nonresidential services – Clients living in the community who have experienced domestic violence may come to Gateway for individual support, support groups and assistance accessing community resources. Some limited counseling appointments may be available.

Support groups for women – Support groups are available to women who live in the community or to those who live in one of Gateway’s housing programs. Groups are free and are offered in English and Spanish. Meals and childcare are provided, and some transportation assistance may be available. Women Seeking Change – Psycho educational group that covers the basic dynamics of domestic violence. Nurturing Parenting – Parenting support groups for survivors of domestic violence. Life Skills Training – Teaches basic life sills (financial, transportation, stress management, etc.) for survivors of domestic violence. Arts Support Group – Arts-based support group teaches women strategies to manage stress and anxiety.

Children’s programs – Early learning program activities are available for children ages birth – 3 years during women’s groups. Support groups are offered for children and youth ages 4-6, 7-11 and 12-18. Limited slots for individual counseling are available.

Legal Advocacy / Temporary Protective Orders – Gateway employs legal advocates. These advocates help survivors of domestic violence apply for Temporary Protective Orders. Offices are located on the fourth floor of the Hall County Courthouse.

Prevention Education – Gateway’s prevention education program is suitable for elementary, middle and high school groups. We welcome any opportunity to teach children, in an age appropriate way, about domestic violence and dating violence.

Homeownership Program:
Seeking to put God’s love into action, Habitat for Humanity brings people together to build homes, communities and hope. We build houses in partnership with qualifying families. Habitat is not a hand out, but a hand up. Zero percent interest mortgage loans over 20 years keep the homes affordable. Habitat makes no profit and mortgage payments are used to build more homes. We build simple, decent, energy efficient homes. The homes are sold to qualified families at building cost – typically 30-40% lower than market value. Qualified applicants must meet requirements for a need for better housing, have the financial ability to repay the mortgage and be willing to partner with Habitat.

The Hall County Family Connection Network (HCFCN) is a collaborative which serves as the local decision-making body, bringing community partners together to develop, implement, and evaluate plans that address the serious challenges facing the children and families in our county.

- The Network continually monitors the status of well-being of children and families in Hall County.
- The Network provides a place where open discussion can take place about the needs of children and families in Hall County.
- The Network gathers, shares, and uses up-to-date information, research and effective tools to make well-informed and accurate decisions about improving services to children and families in the Gainesville/Hall County community.
Ninth District Opportunity, Inc. Early Head Start/Head Start is built upon the premise that all children share certain needs and that children of low-income families, in particular, can benefit from a comprehensive program to meet those needs. Early Head Start/Head Start provides children with a comprehensive program to meet their educational, social, nutritional, health, emotional, and psychological needs. This program is for pregnant women and children aged 0-4 years old. Services are offered free of charge. There are multiple locations in Hall County for the Head Start and GA Pre-K program. Early Head Start and the Pregnant Women Program is only offered at the Butler Center location.

Programs Offered:

**Early Head Start**- is a federally funded community-based program for low-income families with pregnant women, infants, and toddlers 6 weeks to age 3. Parents must be enrolled in school full-time or working at least 30 hours a week.

**Head Start**- is a federal program that promotes the school readiness of children ages birth to 5 from low-income families by enhancing their cognitive, social and emotional development.

**GA Pre-K Program**- is a state lottery funded educational program for all age eligible four-year-old children in Georgia. The purpose of Georgia’s Pre-K Program is to prepare children for success in Kindergarten and later school years.

**Pregnant Women Program**- offers workshops and one-on-one sessions, as well as education of what to do at the different stages of pregnancy. In addition, FREE quality care for your child, so that you can continue to work and/or go to school. Free diapers, formula, and food for your baby. Priority given to placement in Early Head Start with completion of program. Applicants must be enrolled in school, working, or a combination of both.

COMMUNITY SERVICES

Community services available through SOURCE are:

- Home Delivered Meals
- Personal Support (Personal Care/Chore Services)
- Respite for Caregivers
- Adult day health services
- Emergency response system
- Home health services
- Personal care homes

CASE MANAGEMENT

Case Management for members of SOURCE is comprised of three broad and related components;

- **Assessment** – performed at each member’s home – to gather relevant information on the medical, functional, cognitive and social status of enrollees.
- **Care path development** – To design a framework for service delivery that addresses needs or risks identified at assessment, supplementing available family/informal support
- **Care Path Implementation** – A dynamic, interactive process whereby the case manager supports goals of the SOURCE member and caregivers, promoting optimal health and independence.

Overall health and social circumstances, severity of impairment and informal support determine the level of case management contact required for each person. SOURCE case managers maintain at least monthly contact with each member; routine home visits are scheduled at 90-day intervals.

The mission of The Arts Council serving Northeast Georgia is to educate, enhance and expand public interests in the Arts.

The Arts Council, Inc. is a non-profit 501c-3 charitable arts organization originally founded in 1970 to serve as the creator and keeper of the community's arts calendar and newsletter, The Arts Council, Inc. has grown into one of Georgia's leading arts organizations. It promotes over 30 regional Arts Affiliates and presents a diverse and broad spectrum of performing, visual and literary arts programs throughout the year, benefitting far reaching demographics.

**The Arts Council Signature Series™:** This series features internationally and nationally renowned performing artists that would otherwise not be available to our communities without traveling to a major metropolitan city. The series is comprised of three to four performances each year.

**Evenings of Intimate Jazz Series™:** Candlelit bistro tables and the smooth sounds of jazz create the perfect atmosphere for one of The Arts Council's most intimate series. Held in the beautiful Arts Council Smithgall Arts Center, this concert series features regionally, nationally and internationally recognized jazz artists in a quaint, warm setting. From standards, swing, blues, and soul, Evenings of Intimate Jazz brings the vibe of Bourbon Street and the intimacy of Chicago’s jazz listening clubs right here to downtown Gainesville.

**Summer MusicFest™:** Dinner under the stars and an evening filled with fabulous music...is what The Arts Council's Summer MusicFest™ is all about. Each summer, the lawn of The Smithgall Arts Center hosts outdoor concerts that make for a memorable night with friends. Grab lawn chairs/blankets or reserve a table up front. Dinner is available for purchase or feel free to bring your own picnics and favorite beverages.

**Arts in Schools™:** This program brings our community’s wealth of arts resources into the classroom. The purpose of AIS is to introduce children to art of every form and instill both an appreciation and an excitement about the arts through the use of in-school demonstrations and applications pertaining to academic curriculums. This program was first introduced to the school systems of Gainesville City and Hall County, Georgia in 1980 and was enthusiastically welcomed by students, teachers, parents and the artists. It continues to be sponsored by The Arts Council, Inc. serving Northeast Georgia, with the endorsement of each school system and the approval of school principals.

**Annual Gala – Black & White Ball:** A black-tie affair benefitting The Arts Council, Inc. This evening, guests are treated to valet parking, a red carpet entrance, gourmet foods and beverages, dancing to live entertainment, auction and much more. A great opportunity for supporters of the Arts who believe in making communities culturally vibrant and inviting.

**Facility Rentals:** Two remarkably unique and historical venues offer elegant and highly functioning venues for weddings, receptions, corporate events, office and personal parties, etc. in Downtown Gainesville.

In addition to sponsored programs and events, The Arts Council, Inc. houses a permanent visual art collection (free and open to the public) and serves as an arts education and outreach organization, by offering Arts Advocacy at local, regional, state and national levels, serving as a Central Arts Information Center, working on Audience Development and other special events including showcasing artists with disabilities. The Arts Council is funded mainly by individuals, corporations and foundations and also supported in part by the Georgia Council for the Arts through the appropriations of the Georgia General Assembly (less than 1% of its budget), through ticket sales & rental of our venues.

The Potter’s House Family and Children Treatment Center specializes in providing services to families who are struggling with troubled youth. Therapists and community support individuals come to the home and provide services, as well as behavior aids to assist in the schools with youth struggling in a learning environment. The Potter’s House also services adults who may be struggling with parenting as well as social skills.

Services Offered:

- **Christian Therapeutic Program**- The Christian Program presents a Christ Centered, biblical approach to professional counseling, treatment, healing, and recovery.

- **Traditional Therapeutic Program**- The Potter’s House Family and Children Treatment Center provides high quality, comprehensive mental and behavioral health services to Georgia's children and their families. These services address the effects of victimization, homelessness, abuse, neglect, traumatic events, mental illness, and other challenges in early childhood and adolescent development.

- **Therapeutic Behavioral Services**
  - Cognitive therapy
  - Cognitive-behavior therapy
  - Dance/Movement Therapy
  - Music Therapy
  - Dialectical behavior therapy
  - Exposure therapy
  - Interpersonal therapy
  - Play therapy
  - Psychodynamic psychotherapy
  - Psychoeducation

- **Sexual Trauma Enrichment Program (S.T.E.P.)**- The needs of abused and offending youth are addressed through:
  - Structure
  - Supervision
  - Therapeutic Individual, group and family therapy
  - Case management
  - Recreation therapy
  - Medication management

- **Therapeutic Adventure Program (Child and Adolescents)**- The Therapeutic Adventure Program (TAP) is an exciting program that was created to meet the needs of consumers and their families in a therapeutic setting.

- **Intensive Family Intervention**- Intensive Family Intervention (IFI) Services are intended to improve family functioning by clinically stabilizing the living arrangement, preventing the child or adolescents' out of home therapeutic venues (i.e. psychiatric hospital, therapeutic foster care, residential intervention services), and promoting reunification for the identified child or adolescent.

- **Nursing Services**- The Potter’s House Family and Children Treatment Center offers comprehensive nursing services to consumers. A RN works to identify and coordinate the supports needed by each consumer to reside safely in the community.

- **Medication Management Services**- The Potter’s House understands the importance of accurately diagnosing and treating mental health issues in children and adults. As part of our multi-disciplinary treatment approach a full range of psychiatric services are offered, including psychiatric consultation and ongoing medication management for a range of concerns.

- **Community Support Services**- Provides support to the families at home, school, and within the community. The Community Support Service Department provides therapy, skills training (individual and family), behavioral modification and reinforcement.

- **Consumer Family Assistance**- The Potter House provides a friendly community base on-site resource center that links our consumers to community resources that offer an opportunity for independence.

- **Behavioral Modification/Positive Reinforcement: Token Economy**- A token economy is a system of behavior modification based on the systematic reinforcement of target behavior. The reinforcers are symbols or "tokens" that can be exchanged for other reinforcers. A token economy is based on the principles of operant conditioning and can be situated within applied behavior analysis (behaviorism). Consumers within the program can earn Potter’s House Bucks to purchase items within The Potter’s House Store.

Three Dimensional Life is a faith based 9 month residential recovery center for teenage boys struggling with addiction. As a fully state licensed residential treatment center, we believe that we give your son the best chance at beating his addiction. 3D Life is located on a 55-acre farm in rural North Georgia.

Services Offered:

- Christ-Centered Classes
- Professional Counseling
- Adventurous Activities (ART Program)
- Education
- Family Recovery
- LifeTrack Program
Our Vision: We envision a world where every child is raised in a loving, compassionate, and nurturing home.

Our Mission: We restore children and families from trauma through Jesus Christ.

Services Offered:

Foster Care and Adoption - Families in crisis or hardship often do not have the capacity to protect and care for their children. When a child cannot safely remain with their family, the state Department of Family and Children Services assumes temporary custody and then seeks interim living arrangements, such as a United Methodist Children’s Home foster home, while addressing the needs of the family. A foster home gives the intimate setting of a family, while training, supervision and a supportive community of other foster families help to support the foster family. Foster families receive a per diem for each child in their care.

How does our program work?

Foster families are recruited, trained and approved through the Children’s Home. These families are then assigned to one of our foster care workers, and we match referred children to a family that will provide a good fit and a safe, nurturing temporary home. We incorporate a family-centered approach that creates a partnership between the child’s birth and foster families to increase the likelihood that the child will permanently return home to their birth family. When this is not possible, the Children’s Home assists with the process of establishing a permanent home for the child or children. We also provide these services:

- Train and support foster parents on an ongoing basis so they can successfully provide care
- Assess, plan and coordinate services for the child
- Advocate for the child within the court, education and DFCS systems
- Collaborate and create partnerships within the community for the benefit of the child and birth family
- Supervise birth parent-child visitation
- Maintain a 24-hour intake and support line

Why The Children’s Home?

We turn away 30 kids per week because we don’t have enough foster families, and we need your help. We consistently exceed Georgia’s standards for foster care providers and maintain the highest performance scores in the areas of permanency, safety and well being of children. Our program is faith-based, and our staff and foster parents understand that we seek to show God’s love to children and families. We offer quality service with specialized staff, an intensive staff to client ratio and accreditation from Council on Accreditation and Eagle. Our foster parents express gratitude for the strong support they receive from us.

How to help

Help us recruit new foster parents. Spread the word to your friends and community that safe, nurturing foster families are needed, and share our resources with foster parents you know, including this Web page.

Adoption

The Children’s Home is a licensed adoption agency. If a child we are currently serving in foster care becomes eligible for adoption, we facilitate that process. We help our foster families who desire to adopt the children in their care by walking them through the process to become adoptive parents.

Whispering Angels Youth Ranch is a faith-based non-profit that is dedicated to providing hope, healing, love, and acceptance to young minds through the spirit and love of a horse, in a nurturing farm environment. The ranch facilitates healing to children that are facing challenging circumstances in their lives.

Sessions can be scheduled by visiting the website at http://whisperingangelsyouthranch.org/scheduling-a-session

Requirements for Participation:
- Open to all children ages 5-18
- Willingness to participate
- Parents must remain at the facility for the duration of the session
- Cost is free to all participants
- New Orientation visit is required before sessions can begin

Session Components:
- **Chores** - Every child and leader pair will complete a small chore at the beginning of the session. This time is designated to teach the importance of serving others by giving through the work of your own hands. Often this opportunity empowers children in knowing that their efforts can make a difference to those around them. It enables leaders to better understand each child, each day, and gain perspective for the best use of time to follow.
- **Working with horses** - The majority of children who come to WAYR are drawn to the ranch because of the horses. These children will learn to correctly handle, groom, ride, round pen and even vet horses during their sessions. Again, each session depends on the needs of the child and of the horse on any given day.
- **Crafts** - For those who do not wish to spend time with the horses or for inclimate weather, the ranch has some wonderful craft options for a child and leader to use.
- **Play** - Often the most valuable time in a child’s life is to allow and encourage them to be a kid by playing. Many children choose to spend their entire session just playing games.
- **Serenity Garden** - Some children prefer to sit quietly and/or talk to their session leader. The serenity garden offers the privacy and quiet solitude that some may need.

Sessions can include one or many of the above components, or even sometimes something entirely unique.
WomenSource is a 501c3, non-profit organization whose mission is to encourage personal and professional success for women of all ages and backgrounds in Northeast Georgia. WomenSource also serves as a resource of services available for women in the Gainesville/Hall County community.

Programs Offered:

Power Lunch Program
The Power Lunches are an educational series held the first Thursday of the month at 11:45 a.m. at the Brenau Downtown Center (formerly Georgia Mountains Center). Power Lunch topics and speakers range from inspirational to informative. The cost to attend is $6 and includes lunch. Attendees do not need to be members of WomenSource, however because lunch is provided, reservations are required. WomenSource partners with area agencies serving women and/or children to help increase awareness and give attendees the opportunity to show their support. A networking table is available for attendees to display information about their business or organization.

Financial Program
WomenSource offers a free annual series to help women take control of their finances in a variety of situations. Past topics have included setting goals, understanding your credit score and how to improve it, setting up a plan to pay off debt, opening and managing a checking account, and setting up a support system to be successful.

Health Program
WomenSource offers a free annual series on issues related to Women’s Health. Past topics have included breast health and breast feeding, hormone replacement therapy, heart disease, bone density and osteoporosis, vascular health, and how to avoid middle-age weight gain.

Girl Power
A WomenSource workshop for middle school and high school girls and the women who love them. This special half-day, free workshop celebrates young women. The goals of the event are to help young women: Explore ways to better their self-esteem; Encourage them to lead a confident, healthy lifestyle; and Empower them to take charge of their future!

Movie Screenings
WomenSource offers screenings of movies and documentaries that are important to Women’s History and/or current events. Past screenigns have included: Iron Jawed Angels which tells the true story of two courageous young women and political activists, Alice Paul and Lucy Burns, who put everything on the line, including their lives, to help change American history by giving women the right to vote.

Legal Program
WomenSource offered its first, free legal series in the Fall of 2012, entitled “Legal Issues Facing Women & Their Families.” The series focused on the following topics: “The Latest Weapon in Divorce…Email, Facebook, & Twitter,” “Legal Issues Facing Teens & Their Parents,” and “Anatomy of Estate Planning.”

Power of the Purse Fundraiser & Fashion Show
Power of the Purse is our annual fundraising event celebrating women’s philanthropy. Our signature event is a fun evening featuring a fashion show, dinner, designer purse raffle, and a silent auction.

- **Cardiac Rehabilitation at Northeast Georgia Medical Center**
  [www.nghs.com/cardiac-rehabilitation](http://www.nghs.com/cardiac-rehabilitation)
  **770-219-8290**

  Certified by the American Association of Cardiovascular and Pulmonary Rehabilitation (AACVPR), the Cardiac Rehabilitation (also known as Cardiac Rehab) program at Northeast Georgia Medical Center uses education, exercise and emotional support to support a patient after a cardiac event to the best possible recovery.

  The program is comprised of progressive exercise and education for people who have experienced, or who are at high risk for, a heart attack, heart surgery or cardiac intervention such as angioplasty or stent placement.

  Cardiac Rehab is divided into phases, with Phase I occurring during the patient's hospital stay and the other phases beginning after an individual has been discharged from the hospital, or any time upon a physician's referral.

  **Financial Information**

  Phase I is offered free of charge. Many health insurance plans will reimburse much of the cost of the Phase II program. The Cardiac Rehab staff and the Financial Counseling Department, will work with the patient and the insurance company to determine the extent of coverage prior to patient participation. Please speak to the rehab staff about financial information for Phase III.
Home Exercise Consultation
This will consist of a one-hour consult with an Exercise Physiologist. He/She will discuss the benefits of adhering to an exercise prescription and review the safety guidelines for your heart with you. This service is not covered by insurance. Please call 770-219-8290 for pricing.
