

Instructions For Using The Fuel Master System

Diesel

1. Write down odometer reading (mileage) before getting off the bus
2. Have ID# ready to enter when you get to Fuel Master (SS# without dashes)
3. Remove nozzle and insert in tank, but wait to turn on handle to pump
4. Raise lid and insert ProKee. You should gently push in ProKee for 1 second.
5. You will be prompted to enter ID#. Enter ID# and then press "ENTER" key.
6. You will be prompted to enter odometer reading. Enter mileage and press "ENTER" key.
7. Fuel Master may say that your odometer reading is too low. If so, you should re-enter the odometer reading. If you get the same message, you must enter a higher number.
8. You then will be prompted to enter the pump number (*Usually 01 or 02*). Enter the proper pump number and press the "ENTER" key.
9. The screen will then say "Authorized" and you have 30 seconds to begin fueling.
10. If you do not begin fueling within 30 seconds, you must start the process again.

Propane

1. Write down odometer reading (mileage) before getting off the bus
2. Have ID# ready to enter when you get to Fuel Master (SS# without dashes)
3. Remove nozzle and screw into tank receiver (tight, but don't overtighten)
4. Raise lid and insert ProKee. You should gently push in ProKee for 1 second.
5. You will be prompted to enter ID#. Enter ID# and then press "ENTER" key.
6. You will be prompted to enter odometer reading. Enter mileage and press "ENTER" key.
7. The display should read the operator number and turn pump on
8. If you do not begin fueling within 30 seconds, you must start the process again.

**PLEASE REMEMBER TO ALWAYS
SAFELY RETURN THE NOZZLE TO
THE PUMP AND REPLACE AND
TIGHTEN YOUR FUEL CAP!!!!**
