 DRUG-TESTING ADMINISTRATION ACKNOWLEDGEMENT/CONSENT FORM The Hall County Board of Education has authorized mandatory random drug tests for all student-athletes who participate in Georgia High School Association (GHSA) inter-scholastic athletics. Any sports activity that requires an annual physical as a condition of participation is subject to this procedure. 1. The student-athlete must present to the head coach this signed consent form, which authorizes the school to administer drug testing and that allows the results of the test to be released to parents or guardians, administrative officials, and the head coach. (Note: A signed consent form is a requirement for participation in any GHSA governed inter-scholastic activity that requires an annual physical examination for participation. Parents and students do not have the option of not participating in the drug-screen program.) 2. Random testing will take place at any time during the season with student-athletes chosen
through lottery/random selection. Testing consists of providing a urine sample to those representatives of the firm administering the test. School personnel will supervise but will not administer the test. Privacy will be protected. Specimens will be processed for identity and secured to ensure against tampering. Test results will be reported to the school through the proper chain of command. In case of a positive result, the parent or guardian will be notified.
Testing will be done by the Northeast Georgia Forensic/Toxicology Lab under the supervision of the Toxicology Program Manager.
This acknowledgement of administration and consent to allow participation in the random drug-testing program shall remain in effect until revoked in writing.
