

GOVERNMENT & PUBLIC ADMINISTRATION

A GUIDE TO PURSUING YOUR CAREER PATH

JROTC NAVAL SCIENCE >>>

Navy JROTC is designed to teach high school students the value of citizenship, leadership and service to the community, personal responsibility and a sense of accomplishment, while instilling in them self esteem, teamwork and self-discipline. The curriculum focus is reflected in the mission to motivate young people to be better citizens.

Satisfactory completion of the program at the secondary level can give the student the life and career skills to significantly contribute to success in careers in government, private industry entrepreneurship and non-profit organizations. It can also lead to advanced placement credit in the Senior ROTC program at an accredited college or university, or advanced rank in the armed forces. The military offers numerous credentials and licensing in many different and varied occupational fields.

HIGH SCHOOL PATHWAY CLASSES >>>

CADET FIELD MANUAL combines information about military drill & ceremonies, uniform regulations, physical fitness, survival, leadership, & communications, and helps the student understand the mission, goals, and opportunities for the program. Introduction to NJROTC focuses on the understanding of our nation, our values, traditions, heritage, respect for our laws, and becoming responsible citizens.

INTRODUCTION TO NJROTC introduces students to the basic principles of leadership, which combined with the many opportunities for practical experience in the NJROTC program will prepare them for leadership roles in school and upon graduation. Students will gain an understanding of our nation, our values, traditions, heritage, respect for our laws, as well as becoming involved, responsible citizens.

MARITIME HISTORY develops the traits of citizenship and leadership in students, introduce cadets to the maritime history of the world and the United States from the American Revolution through the present time. The material includes Bosnia, the demise of the Soviet Union, and the September 11, 2001 terrorists' attack upon the United States.

CAPSTONE: WBL INTERNSHIP >>>

WBL (WORK-BASED LEARNING) connects skilled, knowledgeable and driven students to local businesses every year. Students who participate in the Government & Public Administration program and have been selected to participate in WBL will leave school early to work with our fantastic business partners. Benefits to students include a chance to put skills learned in the classroom to use in an authentic setting, getting a competitive advantage on their career and networking with industry leading professionals all while still in high school. www.hallcowbl.org

CAREER TECH STUDENT ORGANIZATIONS >>>

NJROTC: The NJROTC program was established by Public Law in 1964 and is conducted at accredited secondary schools throughout the nation, and taught by instructors who are retired Navy, Marine Corps, and Coast Guard officers and enlisted personnel. NJROTC accredited curriculum emphasizes citizenship and leadership development, as well as our maritime heritage, the significance of sea power, and naval topics such as the fundamentals of naval operations, seamanship, navigation and meteorology. Classroom instruction is augmented throughout the year by extra-curricular activities of community service, academic, athletic, drill and orienteering competitions, field meets, flights, visits to naval or other activities, marksmanship sports training, and physical fitness training.

The program emphasizes the following attributes: patriotism; informed and responsible citizenship; respect for constructed authority; leadership potential; high school completion; promotion of higher education; community service; a high degree of personal honor, self-reliance, individual discipline and leadership; an understanding of the basic elements and need for national security; information on the military services as a possible career; an alternative to gangs; and incentive to live healthy and drug free.

- Service minded
- Interested in travel

WANT MORE INFORMATION ON YOU?

YouScience is the science of YOU – how your mind is wired, what makes you tick, the skills and knowledge that set you apart. You have talent and there's a path that's right for you – we can help you find it.

Login to Infinite Campus and locate the SLDS Portal link on the left. Once logged in, click on "My Career Plan" then choose "Go to YouScience".

WHAT YOU LEARN IN SCHOOL MATTERS

You're learning skills and knowledge that can make you a qualified candidate for in-demand careers. Industry-recognized certifications, available to all pathway students, are great signals to employers that you have the skills they're looking for. Certifications help validate what you know, so other people know, that you know it.
