## A GUIDE TO PURSUING YOUR CAREER PATH

### PERSONAL CARE SERVICES-COSMETOLOGY >>>

Personal Care Services workers assist individuals with their personal appearance including shampooing, cutting, coloring, and styling hair; providing manicures, pedicures, and scalp and facial treatments; providing makeup analysis; cleaning and styling wigs and hairpieces; and providing personal fitness training. Also, within personal care services, funeral directors and attendants make funeral arrangements for grieving families.

Cosmetologists cut, trim, shampoo, style, color, bleach, highlight hair and offer permanent wave service. They also provide scalp and facial treatments and makeup analysis. Some also clean and style wigs and hairpieces and a growing number of actively sell skin care products. Barbers and cosmetologists usually work in a barbershop or salon. Physical stamina is important, because workers are on their feet for most of their shift.
