

HALL COUNTY SCHOOLS

INTERNS FOR HALL

Work-Based Learning • Honors Work-Based Learning • Youth Apprenticeship

INTERNSHIPS FOR HALL >>>

Work-Based Learning encompasses paid positions, unpaid internships, true apprenticeships and even a combination. WBL allows students to test drive a career interest through actual hands-on, on-the-job experience.

WBL connects skilled, knowledgeable and driven students to local businesses every year. Students who participate in the WBL program have had at least one course in a CTAE program during high school, CTAE Carnegie unit in middle school or currently enrolled in a CTAE course. WBL students who have applied and been selected to participate will leave school early, or come in late, to work or intern with our fantastic local business partners. Benefits to students include a chance to put skills learned in the classroom to use in an authentic setting, gain a competitive advantage on their career and networking with industry leading professionals all while still in high school. www.hallcowbl.org

WORK-BASED LEARNING OPTIONS >>>

WORK-BASED LEARNING is designed to give students a competitive advantage for their futures through hands-on participation with local businesses. Students will leave school early or come in late using school time to get a head start on their career. Students who take advantage of WBL will earn school credit, hands-on training, employability skills training and much more.

HONORS WORK-BASED LEARNING encompasses all the elements of WBL and adds the benefit awarding students honors level credit. Honors WBL students will meet as a cohort once per month to engage in further leadership and skills training, community service activities and in building an online portfolio using the same platform as many university system schools. Students wishing to enroll in Honors WBL must take at least two WBL periods.

YOUTH APPRENTICESHIP is a level of WBL in which a student's coursework, career interests and job/internship all relate. Students who are categorized as YAP will do the same coursework as other students in WBL but can earn a certificate at the end of 720 hours of on the job training and earning a credential.

CAPSTONE: WBL INTERNSHIP >>>

WBL (WORK-BASED LEARNING) connects skilled, knowledgeable and driven students to local businesses every year. Students who participate in the Information Technology program and have been selected to participate in WBL will leave school early to work with our fantastic business partners. Benefits to students include a chance to put skills learned in the classroom to use in an authentic setting, getting a competitive advantage on their career and networking with industry leading professionals all while still in high school. www.hallcowbl.org

CAREER TECH STUDENT ORGANIZATIONS >>>

CTSOS: Students in this pathway can join and benefit from any of the incredible CTSOs offered in Hall County Schools. Each organization offers students the chance to develop and sharpen leadership, teamwork and work ethic skills through a variety of avenues including regional and state competitions.

CTSO choices include: Career Technical Instruction (CTI); Association of Marketing Students (DECA); Future Business Leaders of America (FBLA); Family, Career, Community Leaders of America (FCCLA); Georgia FFA; Future Georgia Educators (FGE); Future Healthcare Professionals (HOSA); Audio/Visual, Construction, Cosmetology, Graphics, Healthcare, HVAC, Metals, Transportation (SkillsUSA); and Technology Student Organization (TSA).

WANT MORE INFORMATION ON YOU?

YouScience is the science of YOU – how your mind is wired, what makes you tick, the skills and knowledge that set you apart. You have talent and there's a path that's right for you – we can help you find it.

Login to Infinite Campus and locate the SLDS Portal link on the left. Once logged in, click on "My Career Plan" then choose "Go to YouScience".

WHAT YOU LEARN IN SCHOOL MATTERS

You're learning skills and knowledge that can make you a qualified candidate for in-demand careers. Industry-recognized certifications, available to all pathway students, are great signals to employers that you have the skills they're looking for. Certifications help validate what you know, so other people know, that you know it.

QUESTIONS?

Contact your CTAE teacher, WBL Coordinator or School Counselor
