Proposed
New Elementary
School Attendance
Zones

#### Timeline

- Effective for the 2024-2025 school year (August 2024)
  - Sardis Elementary to Lanier Elementary
  - Myers Elementary to Sugar Hill Elementary
  - Riverbend Elementary & White Sulphur Elementary to Sandra Dunagan Deal Elementary
  - Sugar Hill Elementary to Tadmore Elementary

#### Timeline

- Effective for the 2025-2026 school year (August 2025)
  - McEver Elementary to Sardis Elementary
  - Oakwood Elementary to Martin Elementary
- Parents may choose to move their children to Sardis/Oakwood for the 2024-2025 school year (August 2024).
  - Parents must provide transportation for the 2024-2025 school year.

## Grandfathering Options

- If your address has been rezoned to a different elementary school, you have the option to keep your child or children enrolled at their current school.
- If your upcoming kindergartener or 1st grader has a currently enrolled sibling, they can also enroll.
- Transportation will not be provided to and from school for students who do not live in the new attendance zones.
- Parents/Guardians are responsible for transportation to and from school.

### Grandfathering process

- Students whose addresses are rezoned will automatically be enrolled in their new school zone for fall 2024 (or fall of 2025), unless parents/guardians complete a form to request to stay at current school.
- To request that your child be grandfathered to remain enrolled in their current school and/or to request an upcoming kindergartener or 1st grader attend the current school, complete request by June 15, 2024 (or 2025).

#### Impact on Middle or High School Attendance Zones

- None of these proposed changes will alter your child's current track to attend middle school and high school.
- For example: If you currently reside in the attendance zone assigned to the East Hall cluster, your child will still attend East Hall Middle School and then East Hall High School.

#### Effective 2024-2025 School Year

# Current Sardis Elementary and Lanier Elementary School Student Attendance Zones

# Vickers Sardis ES to Lanier ES Sardis Shores Lake Ranch Lanier Northwest

# 41 Students from Sardis Elementary to Lanier Elementary

- Lanier ES Capacity: 788
- Lanier ES Current
   Enrollment: 549
