Budget Overview

BUDGET DEVELOPMENT

The annual budget is a complete financial plan for the School District's fiscal year and serves as the basis for the District's operating and instructional plans and assists in the control and financial stability of the School District. The School District's fiscal year (FY) begins on July 1st and ends on June 30th, corresponding with the annual school year.

The School District is required to pass a balanced budget for each budgeted fund, meaning that budgeted expenditures may not exceed the school district's combined budgeted revenues and available fund balance. All unexpended budgeted funds lapse at fiscal year-end.

The budget preparation process begins in January of each year when the Superintendent, principals, and department leaders meet to strategically plan a balanced budget.

The budget is developed with set goals, priorities, and objectives that align with its values of Character, Competency, and Rigor for All" and its mission to strive to be, "The Most Caring Place on Earth." There are four main budget building objectives:

- Student Achievement, Growth, & Rigor
- Health, Safety, & Mental Well-Being
- Recruitment and Retention
- Financial Stewardship

Once a budget is formulated, it is presented to the Board of Education and to the general public for comment and consideration. After the public comment period, the Board of Education will formally adopt the tentative budget and millage for the upcoming school year.

BUDGET ADOPTION TIMELINE

Date	Time	Event Description
June 22, 2026	5:00 PM	Regular Board Meeting. The tentative budget for the upcoming fiscal year 2027 will be presented to the Board and made available to the public for review.
August 10, 2026	5:00 PM	Board Work Session. The Board of Education will hear the progress of the FY 2027 budget adoption process.
	6:00 PM	Budget Hearing. A hearing will be held for the public to provide comment and input on the FY 2027 budget and millage rate.
August 24, 2026	11:30 AM	Budget Hearing. A hearing will be held for the public to provide comment and input on the FY 2027 budget and millage rate.
	5:00 PM	Regular Board Meeting. The Board of Education will meet for its regularly scheduled board meeting.
	6:00 PM	Budget Hearing. A hearing will be held for the public to provide comment and input on the FY 2027 budget and millage rate.
	6:30 PM	Adoption of Millage and Budget. The Board tentatively plans to adopt the budget for the fiscal year 2027 at the conclusion of the third hearing.

FY 2027 General Fund Budget Development Highlights

EXECUTIVE SUMMARY

The development of the FY 2027 General Fund Budget continues to be shaped by significant legislative changes affecting local property tax revenues, rising operational costs, and ongoing state requirements.

The Hall County School District remains committed to maintaining high-quality educational programs and attracting and retaining exceptional teachers and staff while exercising responsible fiscal stewardship. However, current projections indicate that maintaining the existing millage rate will result in a substantial budget deficit.

REVENUE CHALLENGES

IMPACT OF HOMESTEAD EXEMPTION LEGISLATION

The local legislation that reset Homestead property values to 2023 levels and capped annual value increases at 3% has had a significant effect on school district revenues.

FY 2026 IMPACT

- Current millage rate: **14.99 mills**
- Reduction in property tax collections: **\$11.1 million**
- Projected use of district reserves: **\$6 million–\$10 million**
- Final FY 2026 reserve impact will be determined after June expenditures are finalized.

POTENTIAL ADDITIONAL REVENUE LOSS FOR FY 28 AND BEYOND

Local Legislation passed in 2026 allows for lowering the senior property tax exemption eligibility age from 70 to 66.

If approved by local referendum in November:

- Estimated annual revenue reduction: **\$9 million–\$12 million**
- Estimate assumes the current **14.99 millage rate**
- Revenue losses would increase if the millage rate is raised

STATE FUNDING CONSIDERATIONS

State per-pupil expenditure data for Georgia's 181 school districts continues to illustrate a longstanding challenge for Hall County Schools:

- HCSD ranks in the **lowest 25% of Georgia school districts** in per-pupil spending.
- FY 2025 funding ranked slightly above the **21st percentile statewide**.
- This limits opportunities for additional budget reductions outside of personnel expenditures.

The district's teachers and staff remain its most valuable resource. Significant reductions in compensation would negatively impact recruitment, retention, and student achievement and are not considered a sustainable long-term solution.

FY 2027 REVENUE OUTLOOK

Because the district has not yet received a preliminary tax digest from the Hall County Tax Assessor's Office, budget planning currently assumes a modest increase in local property values.

Projected Revenue Changes

Revenue Source	Impact
Local tax digest growth (3% assumption)	+ \$4.5 million
State funding	Essentially flat
Total Revenue Increase	+ \$4.6 million

Key Factors

- Local revenue projections are based on a **3% increase in the tax digest**.
- State funding remains largely unchanged due to enrollment declines experienced during the current year.

FY 2027 EXPENDITURE GROWTH

Several mandatory cost increases and state requirements are driving expenditures upward.

Projected Expenditure Increases

Expenditure Category	Increase
State health insurance	+ \$1.6 million
Salary step increases (experience)	+ \$2.7 million
Literacy coaches required by state law	+ \$2.9 million
Offset through Title I teaching positions	- \$1.6 million
Net literacy coach cost increase	+ \$1.3 million
Teachers Retirement System increases	+ \$0.8 million
Fuel costs	+ \$0.32 million
Transportation budget corrections and required services	+ \$2.0 million
Maintenance, custodial services, and property insurance	+ \$0.63 million
Speech-language pathology services	+ \$0.50 million
Special education paraprofessionals	+ \$0.47 million
Total Expenditure Increase	+ \$11.7 million

Projected Budget Position

Category	Amount
Total Revenue Increase	+ \$4.6 million
Total Expenditure Increase	- \$11.7 million
Projected FY 27 General Fund Deficit at 14.99 Mills	(\$9.8 million)

BUDGET DEVELOPMENT CONCLUSION

The Hall County School District faces significant fiscal pressures resulting from:

- Reduced local tax revenues associated with Homestead exemption legislation;
- Potential future revenue reductions tied to the proposed senior exemption expansion;
- Flat state funding due to enrollment declines;
- Rising healthcare, retirement, transportation, and operational costs; and
- State-mandated staffing and service requirements.

Based on current projections, **a millage rate increase will have to be considered to balance the FY 2027 budget and maintain educational services for students.**

Any increase would primarily affect:

- Commercial and industrial property owners;
- Non-exempt residential properties; and
- Other taxable property not covered by senior exemptions.

The Board of Education will continue reviewing updated tax digest information and expenditure projections throughout the budget development process and will provide additional information as it becomes available.

Budget Development Factors

FUNDING SOURCES

Funding Sources in the District's General Fund

TAX DIGEST

Exemptions as a Portion of the Tax Digest

- The effect of new exemptions in FY 27 will result in a net revenue reduction of \$11.1 million in the tax digest.

The District has consistently prioritized balancing student needs while also striving to lower the millage rate.

M&O Millage Rate	
10 Year History	
Fiscal Year	Rate
2017	18.800
2018	18.500
2019	18.290
2020	17.550
2021	17.550
2022	16.485
2023	15.990
2024	15.640
2025	14.990
2026	14.990

Lowest millage since 2004.

EXPENDITURES

District Expenditures by Purpose	
Spending Purpose (Function)	Portion
Instruction	63%
Student Services & Classroom Support	
Pupil Services	7%
Instructional Improvement	3%
Media Services	2%
Administration	
General Administration	0.2%
School Administration	6%

STATE MANDATED COST INCREASES

State Mandated Health Insurance and Teachers' Retirement Costs

FUND BALANCE

- A healthy fund balance is key to ensuring that boys and girls receive the same level of service in the event of an economic downturn.
- Hall County Schools targets a fund balance between 3 and 4 months of operating expenditures.
- A 3 – 4 month reserve allows the District to maintain consistent services to students in the event of a moderate, 2 year, economic downturn without having to affect the millage.
- In FY 2026, it was necessary for the District to use some of its reserves, coupled with expenditure reductions, to maintain consistent services to students, due to increased exemptions in local property taxes.
